Send to

The report has to be send to the office of the
Deutsche José Carreras Leukämie-Stiftung by e-mail to
projekte@carreras-stiftung.de and ina.hoenninger@carreras-stiftung.de

Format:

PDF entire file

B. Structure of the final scientific report

1. General Information

- 1.1. Funding Code
- 1.2. Principal investigator and project participants, in each case with title, name and position
- 1.3. Institution
- 1.4. Subject
- 1.5. Key words
- 1.6. Total duration of the project

2. Summary of the scientific results

The results should be presented along the lines of the questions defined in the application. Deviations from the original work program and goals not achieved should be explained and justified.

Finally, an evaluation of the results with regard to the benefit for the subject, an outlook on the future use and further development of the results should be provided.

3. Publication(s)

Attach all publications of the results as a link and PDF file. Mark funding reference.

The correct spelling of the funding institution is:

Deutsche José Carreras Leukämie-Stiftung

Please also note the position of the hyphen. In English-language publications, the name is not translated, but reads unchanged:

Deutsche José Carreras Leukämie-Stiftung

4. Patent(s)

Is patenting the results

planned

not planned

already done; please attach more detailed information, if applicable.

5. Statement

"I/we hereby certify that all information is correct and to the best of my/our knowledge and belief."

6. Signature(s)

Attachment

Generally understandable summary for press release
